7:00 RDA from the Town of Lee Discuss Town Repair of access road to the Beach. This is for routine maintenance on the paved road. Letter sent to Natural Heritage that suggested a solution to repair road for access to the beach. Work to be done by DPW and Natural Heritage agreed. Work to be done should be the same as been done as the previous years. It has been confirmed that work will not endanger any species. Work should be done within one day's time. Plans for the project are to be completed upon Conservation's approval. Recent heavy rains will not impact the project. This does not include parking lot, just the spill way bridge to the buffer zone--the existing footprint of the road.

This request does not include any work that the Town or Sandy Beach Committee deems necessary for the parking lot or the beach itself. For clarification this is a town issue, therefore the town is responsible for this work. Conservations is present because it is within our jurisdiction. Motion to

close by Stu, seconded by Kathy, all in favor. Negative Determination #3 to be issued.

Motion made to renew the MACC Annual Dues made by John, seconded by Kathy, all in favor.

Motion made by John to close, seconded by Kathy, all in favor. Meeting closed 7:17

Respectfully Submitted,
