

Regional Historic Preservation Forum

Your Input is needed !

Please join us for a forum dedicated to discussing the current state and future directions of historic preservation in Berkshire County.

POSTED

October 4

Adams Town Library
92 Park Street
6-8pm

October 5

Lenox Town Hall
6 Walker Street
6-8pm

AGENDA:

Where We Are:
Historic Preservation in
Berkshire County

Breakout Session

Next Options:
Preservation
Tools & Techniques

Breakout Session

Help us spread the word by passing this invitation along to others in your community interested in historic preservation. The public is welcome and encouraged to attend.

SUSTAINABLE BERKSHIRES
Community Strategies For A Sustainable Future

The Berkshire region is a world renowned destination for natural beauty, arts and culture, rich history, and New England charm. However, the region faces a number of challenges including housing affordability, rural sprawl, and economic development. That is why we're working to proactively plan and implement strategies and investments now that will help ensure the Berkshire region is a great place to raise a family, do business, and enjoy a superior quality of life now and into the future. Sustainable Berkshires will be a comprehensive guide for public, non-profit, and private initiatives and investment for the next 20-30 years.
