

Table 10. Aquatic and semi-aquatic plants observed at Laurel Lake, August 28, 2002.

Dominant species in bold and their distribution is depicted on Figures 7 & 8.

Common Name	Scientific Name
Watershield	<i>Brasenia schreberi</i>
Coontail	<i>Ceratophyllum demersum</i>
Stonewort	<i>Chara spp.</i>
Sedge	<i>Cyperaceae sp.</i>
Three-way sedge	<i>Dulichium arundinaceum</i>
Waterweed	<i>Elodea canadensis</i>
Waterweed	<i>Elodea sp.</i>
Pipewort	<i>Eriocaulon aquaticum</i>
Hedge hyssop	<i>Gratiola L.</i>
Unknown Rush	<i>Juncus spp.</i>
Moss	<i>Musci spp.</i>
Eurasian milfoil	<i>Myriophyllum spicatum</i>
Brittle waternymph	<i>Najas minor</i>
Stonewort	<i>Nitella spp.</i>
Yellow Pond lily	<i>Nuphar variagatum</i>
Water lily	<i>Nymphaea sp.</i>
Ditch stonecrop	<i>Penthorum sedoides</i>
Common reed	<i>Phragmites australis</i>
Water smartweed	<i>Polgonum punctatum</i>
Pickereelweed	<i>Pontederia cordata</i>
Large-leaved pondweed	<i>Potamogeton amplifolius</i>
Curly pondweed	<i>Potamogeton crispus</i>
Illinois pondweed	<i>Potamogeton illinoensis</i>
Ribbonleaf pondweed	<i>Potamogeton epihydrus</i>
Variableleaf pondweed	<i>Potamogeton gramineus</i>
Small pondweed	<i>Potamogeton pusillus</i>
Redhead grass	<i>Potamogeton richardsonii</i>
Fern pondweed	<i>Potamogeton robbinsii</i>
Leafy pondweed	<i>Potamogeton foliosus</i>
Yellow crowfoot	<i>Ranunculus flabellaris</i>
Wool grass	<i>Scirpus cyperinus</i>
Soft-stem bulrush	<i>Scirpus validus</i>
Sago pondweed	<i>Stuckenia pectinata</i>
Cattail	<i>Typha sp.</i>
Bladderwort	<i>Utricularia sp.</i>
Wild celery	<i>Vallisneria americana</i>
