Ms. Arment mentioned that she will not be at our next meeting and she asked Mr. Dalheim to chair the meeting. Mr. Philpott will handle the budget discussion with Mr. Nason.

Mr. Dalheim mentioned that he contacted Mr. Mark Alimansky, Laurel Lake Preservation Association, about Zequanox which is for use on zebra mussels. Mr. Alimansky said he was aware of the product and EPA is testing it in western lakes.

Mr. Philpott mentioned that the refill of Goose Pond started on 3/1/14 and they are hoping that the lake will be filled by 4/15/14.

Ms. Hansen asked if the Commission has been contacted by Boyd Converting because she has heard that they plan to install a solar array on their property. Ms. Garry said that nothing has been received.
