

**Effective November 1, 2022, mattresses were banned from disposal or transport for disposal in Massachusetts.**

**Lee now has an option to recycle them.**

**Lee** has been established as a **ToughStuff Recycling** community in which people can have mattresses, box springs, and futons picked up curbside. They must be clean – not infested and not contaminated with bodily fluids, toxins, etc.

The charge is \$55 each piece. **Note:** A mattress and a box spring are considered separate pieces. Orders can be placed [online](#) or by phone: 978-307-4118. If you have any questions, call the phone number listed.

All curbside pickup orders will be scheduled once ToughStuff has verified your payment. Confirmation of payment and scheduling for pick up will be included in an email sent from the company within 24-48 hours of the time of purchase. If you don't receive the email, please check your spam folder before calling the company. On the day of your pickup, place the item(s) on the curb (if you must do so beforehand and the weather is not clear, you'll have to protect each one with a mattress cover (available at Amazon, Home Depot, Walmart, and Target)).
