

Lee Agricultural Commission

Agenda

Meeting Date: July 12, 2022

6 PM

Memorial Hall Court Room

The commission will address any new matters that are presented, possibly a tour of the GE proposed dump site, as the commission has requested that tour. The date for that tour has not yet been set, but our meeting date and time is one of the possible dates. While meetings are open, the tour will not be if it occurs during our meeting time. GE will only allow commission members on the tour.

Reporting on Commissioners input into the May town meeting.
