

Massachusetts Department of Transportation

Massachusetts Turnpike Toll Plaza Demolition and Roadway Reconstruction Project.

Public Information Meeting Schedule

The Massachusetts Department of Transportation (MassDOT) has been in the process of demolishing all existing toll plazas as part of the implementation of All Electronic Tolling (AET) along the Massachusetts Turnpike. MassDOT is holding four public meetings to provide information about the next stage of roadway reconstruction, and what to expect as the project continues.

Within the project overview MassDOT will discuss: project progress, timeline for completion, what to expect as the project moves into the spring and summer months and other project related issues. These meetings will ensure that users of the Massachusetts Turnpike and neighboring communities are fully informed about the construction process to minimize any public inconvenience.

If you are unable to attend a meeting, a copy of the presentation will be available at

<https://www.massdot.state.ma.us/allelectronic tolling>

Public comments and questions may also be submitted by email AETinfo@dot.state.ma.us
