# Paradise

We know because we live here. We choose to drive a little farther for milk because we like cows. We check on our neighbors in storms. We walk in the Forest.

Recent poor planning has placed economic development over quality of life with Huge projects that do not feel like here. We obviously will grow and need to grow, but what must we protect while we sweep ahead?

Let's get together for a Regional Planning Symposium

## Protecting the Western Highlands of 413

Saturday 23 November 2019 8:30am - 12

Gateway Regional School

Littleville Road, Huntington, WMass

Let's guide our own future,  
Deliberately
