Help Wanted Compliance Check Youth

16 –17-year-old youth wanted to assist the Tri-Town Health Department/ Tobacco Awareness Program in monitoring compliance among area tobacco retailers with Board of Health Tobacco Control Regulations prohibiting the sale of tobacco products to minors. With adult supervision, compliance check youth will attempt to purchase tobacco products from area tobacco retailers. Our goal is to prevent childhood addiction to tobacco, as well as, the serious health consequences associated with tobacco use by making it difficult for youngsters to purchase tobacco and by encouraging tobacco retailers not to sell tobacco to young people less than 21 years of age.
